
Environmental Noise Solutions Limited (ENS) is an independent acoustic consultancy offering a comprehensive service across all aspects of noise measurement, assessment and control. With experienced staff, the company specialises in the provision of high quality and practical acoustic consultancy to both the public and private sectors; typically working with residential and commercial developers, architects, planning consultants and local authorities.

Sound Testing

ENS is proud to be associated with the Sound Testing Organisation. The Sound Testing Organisation is a specialist company that performs sound insulation testing (pre-completion testing) to the requirements of Part E of the Building Regulations.

Details of the Sound Testing Organisation can be found at

www.soundtest.org.uk

To obtain a quotation/price for sound insulation testing, call 01302 644001 and speak to one of our representatives. All prices for sound insulation testing are given on a fixed price basis and are usually issued on the same day the request for quotation is made.

If you require further information about pre-completion testing, please contact:
